---

### OBJECTIVE

To obtain a challenging and rewarding position as a web application developer.

---

### SKILL SUMMARY

#### Business

- Analyze and design client process in a defined business area.
- Provide inputs during the preparation of business requirement for the proposed solution.
- Understand key processes in business.

#### Management

- Provide work breakdown structure and time/effort estimate inputs for a portion of the solution to the overall project plan.
- Track, escalate and resolve application and internal issues related to team's work.

#### Technical

- Build technical specifications and design for a module.
- Analyze and produce alternative approaches for solving technical issues that arise.
- Implement solutions designed using packaged software and custom development.
- Conduct code reviews and develop test scenarios.
- Contribute to development of technical and documentation standards for a project.

#### Technology

- **Operating System**
  - Windows Vista/XP/95/98/NT/2000
  - UNIX Windows
  - Linux etc.
- **Languages**
  - Pascal
  - C# (.Net 1.1/2, 3.5), C++, C
  - LINQ(very confident with LINQ to SQL & LINQ to XML), Microsoft Dynamic Data, Microsoft MVC, Microsoft WPF(Beginner), Microsoft Silverlight (Beginner)
  - AJAX/JQuery/JSON
  - ASP.NET(very confident with C#), ADO.NET, VB.NET
  - Java, Java Servlet, JavaScript
  - PHP, MS Visual Basic
  - UNIX Shell Scripting
  - SQL, SQL Server 2005
  - HTML(very confident), XML(very confident), XSLT(very confident), DHTML, CSS(confident) etc.
- **Databases**
  - SQL Server 2005/2008, SQL Server Enterprise manager
  - Stored Procedure

- LINQ to SQL & LINQ to XML (very confident)
- MySQL, PHP MyAdmin
- Microsoft Access etc
- **Tools**
  - Visual Studio 2005/2008, Apache Server, IIS
  - Microsoft Dynamic Data (very confident)
  - Microsoft Office Suite (Word, Excel, Access, PowerPoint, MS Project, Outlook), Microsoft FrontPage
  - Macromedia Dream Weaver, Macromedia Fireworks, Adobe Photoshop, Flash etc.
  - Visual Source Safe, SVN
- **Content Management System(CMS)**
  - Sitecore (Confident with Certified Developer Level 1 and Level 2)
  - Dot Net Nuke (Confident in Skinning, Module developing etc)
  - Scoop(Intermediate)
  - Joomla, PHP Nuke
- **Third Party Spftware**
  - Infragestics (.Net 3.5)
  - Telerik( Charting, Calendar, Rich text box Combo Box etc)
  - Google Map API
  - Facebook API
  - ABCPdf
  - Campaign Monitor API
- **Others**
  - SDLC
  - Unit testing
  - Web Services
  - RSS
  - CVS
  - Lucene Search, dtSearch implementation

### Interpersonal

- Excellent written, communication and presentation skills.
- Excellent teamwork skills
- Strong Analytical and Diagnostic Skills
- Team work, management, and leadership skills
- Ability to prioritize tasks, work under pressure and achieve tangible results
- Negotiation and collaboration skills
- Establish and maintain positive client relationships

---

## ACADEMICS

**Masters of Information Technology** (2006) from University of Ballarat

**Bachelor of Information Technology** ( 2003 to 2005 ) from University of Ballarat

### Major subjects

- WWW technology ( .NET, Java Servlet, HTML, XML, PHP)
- System analysis and design
- Data structure and algorithm ( Programming )

- Database management system( SQL, Oracle, MS Access, Normalization, E-R diagram design etc )
- Network operating system ( NOVEL )
- Business Data Communication (Network Designing)
- Network protocol & services (Establish Network)
- Operating system ( Unix )
- Emerging Technology
- IT Project Management ( SDLC )
- Software Engineering (Extreme programming, Software engineering principles)
- Programming ( Java, C#,C, C++, Pascal )
- Multimedia & communication ( Adobe Photoshop, Flash, Fireworks, Dream weaver, Front page)
- Current development workshop (Shell Scripting, PHP,CVS)
- E- commerce ( Basic of E-commerce, designing E-commerce website)
- Information Technology Management
- Project 1 & 2 ( Project planning Generating Documentation, SDLC, Delivery of the product, Testing, Quality control, Quality assurance)

---

## EXPERIENCES

### Flash Group (<http://www.flashgroup.com.au>)

- **Position:** .NET Developer
- **Duration:** March' 2008 to Continuing
- **Responsibilities**
  - Web programming ( ASP.NET 2 & 3.5, Dynamic Data, LINQ, using C# & VB, XML, XSL,AJAX, Web services, DHTML, HTML, CSS, SQL Server-2000/2005, MySql ,CMS)
  - SDLC
  - Software design, development, implementation and testing
  - Documentation
  - Graphic design production
  - Contributing to team work to achieve project deadlines
  - Report Generation
  - Unit testing
  - Share Point

### E-Services Interactive Part of Clemenger Group ( <http://www.cim.com.au>)

- **Position:** Junior Programmer
- **Duration:** July' 07 - March' 2008
- **Responsibilities**
  - Web programming ( ASP.NET using C# & VB, XML, XSL, Web services, DHTML, HTML, CSS, SQL Server-2000/2005, MySql ,CMS)
  - Software design, development, implementation and testing
  - Documentation
  - Graphic design production
  - Contributing to team work to achieve project deadlines

### Freelance Web Development

---

## CONTRIBUTION IN MAJOR SITES

- Pioneer Electronics (<http://www.pioneer.com.au>)

- Full back-end development using Sitecore CMS, ASP.NET(2.0)
  - Web -Services,XML,XSL, SQL Server 2005
  - dtSearch implementation
- GCC (Global Corporate Challenge <http://www.gettheworldmoving.com>)2009 and 2008
  - Developing custom CMS, Developing several Batch Jobs
  - ASP.NET(3.5), AJAX, MS Dynamic Data, LINQ, Webservices, SQL Server 2005, etc
- Mazda (<http://www.mazda.com.au>)
  - Developing site using Sitecore CMS, ASP.NET(2.0), XML,XSL,DHTML, SQL Server 2005
  - Lucene Search implementation
- Australian Crime Stoppers(<http://www.sa.crimestoppers.com.au/>)
  - Back-end development using VB.NET, SQL Server 2005, Custom CMS
  - Full site skinning using HTML,CSS, Photoshop

---

## CERTIFICATIONS

### Sitecore Content Management System

- Sitecore Certified .NET Developer level 2
- Certified .NET Developer level 1

---
